PROFESSIONAL SUMMARY

SailPoint IAM Engineer with over 15 years of experience in designing and implementing enterprise Identity and Access Management (IAM) solutions. Expertise in SailPoint IdentityIQ, Identity Security Cloud, and Microsoft Entra ID, with a focus on Identity Governance and Administration, Zero Trust, and Privileged Access Management. Proven track record in integrating cloud identity solutions and enhancing security compliance across enterprise applications.

TECHNICAL SKILLS

- **Identity Management:** SailPoint IdentityIQ, SailPoint Identity Security Cloud, Microsoft Entra ID, Active Directory
- **Security & Compliance:** Zero Trust, Privileged Access Management, RBAC, ABAC, Access Certifications
- **Integration & APIs:** REST APIs, SCIM, OAuth 2.0, SAML, OpenID Connect, LDAP, JDBC
- **Programming:** Java, BeanShell, Python, SQL
- **Cloud Platforms:** Azure, AWS, Google Cloud, Azure DevOps, CI/CD

PROFESSIONAL EXPERIENCE

Principal IAM Architect

Jan 2024 – Present

Concora Credit

Beaverton, OR

- Led the design and implementation of SailPoint IdentityIQ and Identity Security Cloud solutions, enhancing identity governance and administration across enterprise systems.
- Developed and integrated Identity Lifecycle Management processes, including Joiner-Mover-Leaver (JML), to streamline user provisioning and deprovisioning.
- Implemented Zero Trust security principles, integrating IAM solutions with PAM, MFA, and SSO for enhanced security posture.
- Configured and customized SailPoint IdentityIQ workflows, roles, and policies, ensuring compliance with regulatory standards.
- Engineered automated provisioning and deprovisioning processes, reducing manual intervention and improving efficiency.
- Collaborated with cross-functional teams to onboard enterprise applications and integrate them with SailPoint solutions.
- Technologies: SailPoint IdentityIQ, Identity Security Cloud, Microsoft Entra ID, Active Directory, Azure, AWS

IAM Engineer

Dec 2019 – Dec 2023

Conduent

Austin, TX

- Engineered IAM solutions using SailPoint IdentityIQ, enhancing identity governance and access management for healthcare data.
- Implemented RBAC and ABAC models, improving access control and entitlement management across healthcare systems.
- Led the integration of IAM solutions with cloud platforms, ensuring seamless identity management and compliance with HIPAA and GDPR.
- Developed access certifications and reviews, ensuring adherence to security policies and regulatory requirements.
- Optimized IAM workflows and connectors, improving system performance and reducing access-related incidents.
- Technologies: SailPoint IdentityIQ, Azure, AWS, Active Directory, LDAP, SCIM

Identity Management Specialist

Mar 2018 – Dec 2019

Unify Solutions Inc, Client: Toyota

Plano, TX

- Designed and implemented IAM solutions, integrating SailPoint with enterprise applications to enhance security and compliance.
- Configured SailPoint IdentityIQ connectors and workflows, streamlining identity provisioning and deprovisioning processes.
- Collaborated with cybersecurity teams to implement Zero Trust and least privilege access models, reducing security risks.
- Developed custom integrations using Java and BeanShell, enhancing IAM capabilities and system interoperability.

- Technologies: SailPoint IdentityIQ, Java, BeanShell, Azure, AWS, Active Directory

Data Engineer

Dec 2016 – Mar 2018

Protivix

Dallas, TX

- Implemented cloud-based data solutions, focusing on data security and compliance with IAM principles.
- Configured Azure Active Directory and integrated IAM solutions for secure data access and management.
- Developed and enforced data governance policies, ensuring compliance with industry standards and regulations.
- Technologies: Azure, Active Directory, IAM, Data Governance

SharePoint Architect

Nov 2015 – Dec 2016

Baltimore County Gov

Towson, MD

- Designed and implemented SharePoint solutions, integrating IAM features for enhanced security and user management.
- Developed governance frameworks and security policies, ensuring compliance with organizational standards.
- Technologies: SharePoint, IAM, Security Compliance

Project Server/SharePoint Consultant

Mar 2009 – Nov 2015

Quintiles

Raleigh, NC

- Led the implementation of Project Server solutions, incorporating IAM features for secure project management.
- Configured identity management protocols, enhancing security and compliance across SharePoint environments.
- Technologies: Project Server, SharePoint, IAM

KEY PROJECTS

Enterprise IAM Modernization

2024

- Led a project to modernize IAM infrastructure, integrating SailPoint IdentityIQ with Microsoft Entra ID for enhanced identity governance.
- Implemented automated user provisioning and access reviews, improving compliance and reducing manual workload by 40%.

Cloud Identity Integration

2023

- Developed a cloud identity solution integrating SailPoint Identity Security Cloud with Azure and AWS, enhancing cross-platform identity management.
- Configured identity lifecycle management processes, streamlining user access and improving security compliance.

EDUCATION

Andhra University

Jul 2000

Master of Computer Applications

Visakhapatnam, India

Nagarjuna University

Jun 1996

Bachelor of Sciences

Guntur, India

CERTIFICATIONS & ACHIEVEMENTS

- AZ-104: Microsoft Azure Administrator
- AZ-303: Microsoft Azure Architect Technologies
- Databricks Certified Data Engineer Professional
- AZ-304: Microsoft Azure Architect Design
- PMP Certified Professional
- 70-339: Managing Microsoft SharePoint Server 2016
- 70-343: Managing Projects with Microsoft Project 2013/2016
- MCAD: Microsoft Certified Application Developer
